Profile

Experience the unbelievable performance of this variety and feel like a football world champion! The ability to fill gaps quickly, the turf density and the general appearance of the variety mean it’s not without good reason that EURODIAMOND is Europe's No. 1 for sport applications. EURODIAMOND is the winner of all the previous trials (STRI, BSA, Plantum) and has been top of the lists ever since. The mid-green colour makes it an ideal mix partner for all premium mixtures in the hard-wearing area. The extraordinary winter performance of EURODIAMOND makes it the Number 1 in Europe on most independent recommendation lists and we therefore enjoy the trust of the stadium's greenkeepers of many European Top Clubs.
