Herb menu

Palatable herb mixture to complement healthy grassland stands

Profile

This carefully selected meadow herb mix is designed to enrich established horse pastures with valuable, highly palatable herbs that help support horse vitality and well-being. The selected species complement grass swards effectively and contribute to a diverse, natural pasture composition.

Even low sowing rates of just 1.5 kg/ha, combined with standard reseeding (COUNTRY Horse 2118) or new establishment (COUNTRY Horse 2117), can improve pasture growth and significantly improve hay and grazing quality. The result is a balanced forage base with natural botanical diversity.

For diverse pastures, premium forage and healthy horses.

- ✔ Supports vitality and resilience – through selected meadow herbs
- ✔ Improves pasture growth and hay quality – even with small seeding amounts
- ✔ Highly palatable for horses – supports overall well-being

Components

18%	Carum carvi
18%	Cichorium intybus
