

COUNTRY GRASSLAND 2472 ORGANIC

Meadow higher altitudes

Profile

COUNTRY Grassland 2472 is a grassland mixture consisting of varieties recommended in southern Germany for more cultivation security in higher altitudes through winterhardy species. The choice of varieties achieves high performance in yield and forage quality as well as high sward density.

- ✓ Varieties with special German recommendation for higher altitudes
- ✓ Winterhardy species and varieties
- ✓ High performance in yield and quality

Components

25%	Lolium perenne (intermediate) AstonHockey
20%	Lolium perenne (early) Karatos
20%	Lolium perenne (late) Valerio
20%	Phleum pratense Lischka
5%	Dactylis glomerata Lidacta
5%	Trifolium pratense Harmonie, Milvus
5%	Trifolium repens Abercrest, Liflex

Sowing pattern

New sowing, Overseeding

Cultivation notes

New sowing	35 - 40 kg/ha
Overseeding	20 - 25 kg/ha
Overseeding, several times per year	7 - 10 kg/ha
Sowing time	from March to September
Usage per year	3 - 6
Usage	recommended for high altitudes

All organic mixtures are produced with 100 % organic content, if possible, in accordance with the EU Organic Farming Regulation 2018/848. For mixtures with at least 70% organic content, the farmer must obtain approval from his inspection body for the use of the conventional content before sowing, starting with production in January 2022. We aim to use at least 2 varieties per ripening group for mix proportions of more than 20 % of one species and for German ryegrass. The choice of varieties may vary depending on production. If individual species or varieties are not available, they are replaced by equivalent ones. The seed strengths are calculated for an optimal seedbed; in case of poor external conditions - such as insufficient seedbed, late sowing date, insufficient nutrient supply and unfavourable weather - the seed strengths should be adjusted upwards.

All specified informations, recommendations and representations mentioned here are made to the best of our knowledge and belief, but without guarantee of completeness or accuracy. We cannot guarantee that the properties described are repeatable. All information is provided as an aid to decision-making. Deutsche Saatveredelung AG excludes adhesion for damage or claims for damages, resulting of the use for the variety specified in this description. Mixture compositions may change if individual varieties are not available. As of 07/2023. Subject to change without notice.
