

LIVIOLETTA

Field pea

Excellent variety for green manuring and forage use

Profile

LIVIOLETTA is a great field pea varietiy for green manuring and forage. It shows good standing ability and produces a high protein content and high dry matter yields. A low thousand grain weight can reduce sowing costs and ensures seed mixibility within blends. This undemanding, deep rooting variety combines good characteristics for cover cropping.

- Favourable cover crop characteristics
- Less prone to lodging
- High protein contents and dry matter yields
