

BRUTUS

Oil radish

The expert for green manure

Profile

BRUTUS impresses with its extremely rapid growth and lush ground cover. This protects against erosion and suppresses weeds. Due to its rapid and high biomass formation, BRUTUS is particularly suitable for late sowing dates until mid-September. Since the variety's seeds have a very high TGW, BRUTUS is excellent for broadcasting.

- ✓ Quick soil coverage
- ✓ High biomass formation
- ✓ Very good plant stability

Agronomic properties
