

TETRASUN

Lolium perenne

Unmatched Defense: Superior Disease Tolerance You Can Trust!

Profile

Tetrasun – is very disease resistant and has excellent summer performance as proven on French trials.
Tetrasun also demonstrates improved wear tolerance within the tetraploid ryegrass group.

It's extremely fast establishment is outstanding, making it ideal for repair and overseeding applications, as well as mixtures where time is of the essence in establishing or repairing turf.

The dark coloring matches that of many Smooth-stalked meadow grass varieties and here the good sports suitability with top ratings in Sport index as well as the wear tolerance comes into play when it comes to hard use on the sports field.

Tetrasun is the go-to choice for achieving robust turf that can withstand the demands of heavy use and tough conditions.

- Excellent disease resistance and vitality
- Tetraploid perennial ryegrass
- Improved wear tolerance
- High performance during summer conditions
- Nice dark green and healthy
