

EG PRO 250 LIGHT AND SHADE

EUROGRASS Pro Garden & Green

A versatile, shade-tolerant lawn grass mixture designed to deliver healthy, resilient turf in low-light environments

Profile

This specially selected turf mixture thrives in low light conditions. The grasses develop extensive root systems that utilise nutrients and water efficiently, enabling them to adapt to changing conditions in shaded areas. This makes the mixture ideal for areas under trees and shrubs or in partial shade. Designed for shaded areas, it can also be used across the entire lawn.

- Highly adaptable to changing conditions in shaded areas
- Maintains healthy growth under trees and shrubs
- Produces a dense and resilient turf despite limited sunlight
- Develops extensive root systems for efficient water and nutrient uptake
- Can be used in shaded zones or across the entire lawn
- Ideal for gardens and green spaces with varying light conditions

Components

40%	Festuca arundinacea Tatonka
40%	Deschampsia caespitosa Desanto
10%	Lolium perenne Pascal
10%	Poa pratensis Zeptor
