

EG PRO 321 SPORTREFRESH

EUROGRASS Pro Sport

A premium regeneration mixture for continuous lawn repair and quality improvement

RSM 3.2

Profile

Top mixture for regular lawn repair to maintain a very high quality standard of the existing lawn. Re-seeding should be carried out regularly to upgrade the old turf with the latest genetics and to utilize the highest adaptability against stress and unpredictable weather conditions. EG Pro Regeneration Sport is the right tool for this. When used regularly, the turf is sustainably upgraded and its durability is significantly increased.

- Designed for regular re-seeding and ongoing lawn regeneration
- Helps maintain a very high-quality standard of existing turf
- Upgrades older lawns with latest grass genetics
- Improves adaptability to stress and changing weather conditions
- Increases overall durability and resilience of the turf
- Suitable for sports turf and high-quality lawns
