

EG PRO 330 SPEEDY RENOVATION WINTERSPORTS & DYNASEED POWER

EUROGRASS Pro Sport

A fast-acting repair mixture designed for rapid establishment, delivering reliable germination even in cool conditions

Profile

A special repair mixture for quick solutions. Fast-germinating varieties are used to achieve the fastest possible greening. The addition of tetraploid varieties ensures germination at low soil temperatures. This mixture is therefore also ideal for use in autumn and early spring.

- Special repair mixture for quick lawn restoration
- Contains fast-germinating grass varieties
- Ensures rapid greening and fast establishment
- Ideal for use in autumn and early spring
- Provides a fast and effective solution for damaged areas
- Supports quick return to a dense, functional turf

DynaSeed® Seed Technology by DSV
