

EG PRO 750 GREEN SCAPE LAWN

EUROGRASS Pro Landscaping

A versatile, sustainable grass mixture for extensive and low-maintenance applications

Profile

This versatile grass mixture is ideal for low-maintenance and sustainable greening of areas with minimal maintenance. It consists of robust and resilient grass species that are characterized by their high adaptability to different soil and microclimate conditions. The mixture is particularly suitable for roadsides, embankments, compensation areas and other extensive green spaces, as it rarely needs to be mowed and forms dense, erosion-inhibiting vegetation in the long term.

- Designed for low-maintenance and sustainable greening
- Composed of robust and resilient grass species
- Highly adaptable to various soil and microclimate conditions
- Ideal for roadsides, embankments, and compensation areas
