

## COUNTRY E 2031

### HerbCloverGrass MultiLife

HerbCloverGrass for perennial field forage

#### Profile

COUNTRY Energy 2031 offers an ideal combination of valuable grasses, clovers and herbs for high quality and energy densities. Plantain and chicory increase palatability and, like red clover, stabilise yields, especially under dry conditions. Suitable for new sowings and perennial field forage.

In COUNTRY Energy MultiLife mixtures at least 5 species from at least 3 plant families are combined. The intelligent combination of different species with different root architecture leads to more robust stands, especially under difficult conditions. Even under extreme conditions and in dry periods, COUNTRY Energy MultiLife mixtures are significantly more stable than stands with fewer species and deliver high yields as well as good quality.

The legumes are treated with DSV's DynaSeed LegumeMaxx, which contains among others species-specific bacteria. [DynaSeed LegumeMaxx](#) demonstrably and significantly improves nitrogen fixation, root development, and thus yield.

- ✓ Herbs for higher palatability
- ✓ Better stress resistance due to species combination
- ✓ Flexible in use
- ✓ Red and White clover for N-fixation

## Components

22%	Lolium perenne (late) Valerio
15%	Trifolium pratense Harmonie, Milvus
15%	Festuca pratensis (Tetraploid) Schwetra
12%	Phleum pratense Radde
12%	Festuca arundinacea Rotino
10%	Festulolium Fedoro
5%	Dactylis glomerata Rosseur
5%	Trifolium repens Bianca, Liflex
2%	Plantago lanceolata
2%	Cichorium intybus

If individual varieties are not available, they are replaced by equivalent ones.

## Sowing pattern

New sowing, Overseeding (only for high gap ratios in the sward)

## Locations

Dry	
Normal	
Wet	
Peat Soil	
Altitude	

## Usage

Grazing	  
Grazing and cutting	  
Cutting	  

+++ = highly suitable | ++ = suitable | + = conditionally suitable | - = not given

## Cultivation notes

New sowing	35 - 40 kg/ha	
Overseeding	20 - 25 kg/ha	
Usage per year	3 - 5	
Usage	MultiLife, species-rich commercial grassland, with herbs, Dynaseed
