

EUROBEAT

The rhythm for sport

Lolium perenne

Profile

A high performing ryegrass created as sports type, uniform and homogeny shows EUROBEAT no weakness at the STRI test series. A top ten rank is the result and shows once again the high performance of the Eurograss breeding.

EUROBEAT stands out with an outstanding nice look as it got highest scores for summer and winter aspect from our breeders, which is unique. As it stands traffic as a top performer, it really sticks out in this character. This is the reason why EUROBEAT ranks so high on the STRI list series S for sports use.

EUROBEAT is the ideal partner in mixtures for sport purposes and can provide an upgrade for older pitches in terms of performance and quality. In this case, a renovation mixture would be the appropriate mix to put it in. With the nice winter aspect, it also makes sense to add it to a special mixture for autumn sowing to boost winter appearance.

- ✓ Created for sport pitches
- ✓ 20% better wear resistance compared to standard
- ✓ Highest aspect scores in summer and winter

STRI S1 - Sport uses

Mean	7.8
Recovery	6.9
