

# HUSAR

Dactylis glomerata

Auch in **Öko**  
Qualität erhältlich

International listings/recommendations: CA, DE

HUSAR is a cocksfoot that combines high yields, especially in the 1st cut, with good forage qualities due to its inter-late maturity. HUSAR also shows a high sward density as well as a low tendency to winter killing.

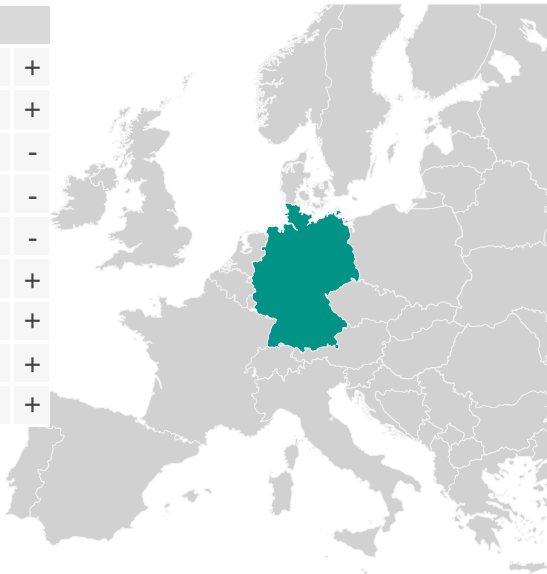

- ✓ medium late variety with great forage quality
- ✓ high yield, esp. in the first cut
- ✓ great sward density and winter hardiness

## Agronomic Characteristics
